*Extension and improvement of Devarayasandra village, Mulbagal Taluk,
and complaints of people against acquisition of houses.*

From Lakki Ramiah of Jodi Devarayasandra village, petition, dated February 1904, received by the Dewan on 27th February 1904.

Represents that at the instigation of Patel Venkataramaiya, the Amildar opened two roads in Devarayasandra village around the house of the patel by demolishing certain houses without obtaining the consent of the owners, that the Deputy Commissioner (Mr. Carr) did not give them an opportunity to represent their grievances, he having been prejudiced owing to misrepresentation of facts, when he came to the village on inspection duty and requests an enquiry to be made in the matter and justice done to him and others who have lost their houses.

From Pattabi Venkatesa Sastri, petition received on 2nd March 1904.

Refers to this office endorsement No. 1240, dated 26th January 1904, and complains against the Amildar for unjustly dealing with the petitioner and others as above and prays for permission to build houses, the proposed roads being cancelled. (Enclosure one sealed cover addressed to the Amildar by name and refused by him.)

13. The facts of the case are: —

(1) On the 23rd of November 1903 Papanna dhanu and others of Deverayasaundra village represented^x that the Amildar would not permit them to reoccupy their houses, which had been evacuated on the appearance of plague, though the disease ^{had} disappeared 3 months ago, and that the Amildar at the instigation of Magi Patel Venkate Rammah opened two roads by demolishing their houses and prayed for an enquiry into the matter.

(2) The Deputy Commissioner Mr Carr submitted a report on this petition that the village being very dirty, the Amildar very rightly and with his full concurrence had a small conservancy lane opened, but the Brahmin god-dars were very troublesome and that he could not inspect the village personally as directed, he being engaged then with the Revenue Commissioner, who was touring in the District.

(3) Thereupon an endorsement was granted to the petitioners that no unusual measures were adopted in their village.

(4) With reference to this endorsement they submitted 3 petitions stating that in the village two roads were opened (not one conservancy lane as stated by the Deputy Commr) for the benefit of the taluk exclusively that the consent

(5) From the Deputy Commr's report now received, it is clear that the Amildar without putting into operation the Land Acquisition Regulation for the purpose of acquiring the houses, acted upon the Mutchalikas taken by the Plague ^{two small} supervisor for the opening of ~~one of the~~ conservancy lanes, ^{which were necessary} ~~and the~~ ~~for the~~ ~~conservancy~~ ^{most important} and which might have ~~been left alone~~ ^{been left alone}

that the portion marked A-B in red line in the plan to the east of the Patel's house is the Patel's own private property; and that for taking up the Beramboke land for the extension of the village, recourse to the Land Revenue Act is necessary as the private property of the godidars is required for a public purpose and as it is necessary to settle once for all, all claims & disputes regarding the same.

Some of the points advanced by the Amildar in defence of his conduct are ^{quoted} shown below with the remarks of the Dy Commissioner thereon.

(1) that The roads in question were formed under Plague rules, under the Dy Commr's sanction, and were intended for the benefit of the village sanitation. The roads run where Plague raged badly and have been pronounced very necessary both by the Distt Medical Officer & the then Deputy Commissioner.

(ii) "It will be seen that only 4 aanakams of building, including that of the Patel have been interfered with. The vacant space taken up is equally small, and but for the factitious spirit of the villagers the whole matter would have gone unnoticed."

(iii) As regards the allegation that the land in civil litigation ~~is~~ between the Patel and his neighbours was taken up creating a convenience in favour of the Patel, the Amildar explains that he had no knowledge of the dispute referred to; but, the Deputy Commr. in his marginal note observes "that repeated representations made to the Amildar were respectfully treated by him. Mr Venkatesh has papers in his possession showing how the Amildar behaved."

(iv) In regard to the Amildar's preference

to the new North & South road, he explains "I chose that line of road because the ~~no~~ and description of buildings that had to be touched in that direction was of the least value & it passed mainly through vacant spaces, as will be seen in the Section [⊗] Map". But the Dy. Commissioner states that "they were not so urgently wanted because they passed thro open space". The road East to West comes abruptly to a close at the house marked A on plan, which belongs to a Bleader & is left ~~intact~~ intact."

(iv) The Amildar explains that there is no truth in the allegation that the roads were made for the Patel's benefit, and that he ^(Patel) has suffered by the formation of these roads as much, if not more than others"

Serial
No.

But the Dy Commr states "He (Patel) wanted these roads which opened up his house on all sides." He made really no sacrifice."

(vii) In regard to the Amildar's explanation that he did not carry on the improvements in view to cause loss to villagers, but to remove congestion, the Dy Commissioner states that the extension of the village was therefore urgently wanted before ~~the~~ knocking down occupied houses"

(viii) The Amildar also states "The villagers (here) got exasperated at the Patel's nefarious act and his general mischievous tendencies, and have been agitating with a view to bring upon the Patel condign punishment

ment of petitioner's and

the Amildar with a view to ~
improve the Sanitary Condition of
the village, began to open two small
Conservancy lanes - one running
from North to South and the other
from East to West, - in the Congested
part of the village. | In the course of
opening out these lanes, it was
found necessary to take up house
properties of some people including
the petitioner and one Narayana-
swami Dey, who has also complained
to me, at his house having been de-
molished without his Consent.

2 It is reported that a portion
of the petitioner's house measuring
 $26\frac{2}{3}$ Square yards and of Narayana-
swami Dey's to the extent of 7 Square
yards has been taken up for the lane

3 The Amildar reports that
this was done with the Consent of

unexperienced and irresponsible official, the important duty of taking Mutchalikpas in a Jodi village. This indiscreet action has given rise to serious complaints.

4. It has to be remarked that if the houses were required for a public purpose, the proper course was to put the Land Requisition Regulation in force. This was not done. I think these petitioners and others whose properties have been similarly taken up in an informal way are entitled to compensation. I will settle this amicably and see that they are compensated for the loss they have sustained.

5. I visited the Jodi village in Company with the Assistant Commissioner and the Amildar, and inspected the localities in question and

most important ones, nor were
they urgently needed. They are
not of so much use to the villagers
in general, as they are to the
Patel in particular. As alleged
by the petitioner, the opening
of these two lanes has not only
improved the surroundings of the
Patel's dwelling house, so much
so that the person most benefitted
by this improvement is the Patel
himself. It has not removed
any congestion in the village. On
the other hand water is private

MAY IT PLEASE YOUR EXCELLENCY

That Your most loyal Memorialist is the unfortunate and helpless resident in Jodi-Devarayasamudra village, Mulbagal Taluk, Kolar Distr.

2. THAT this Memorialist is besides a poor brahmin living in the said village of Devarayasamudra "Like a bird in its nest" with his only wife who always lives there and himself working abroad occasionally visiting the place and maintaining his family.

3. That owing to the unfortunate prevalence of plague some time ago in this village, when the Memorialist was away from the place, the officiating Patel Venkataramaiya to secure the highest and most dainty comforts to his house in the village employed most objectionable means and caused two roads opened around his house, one running from North to South, and another, from East to West, and thus damaging about ten houses and house sites, including the house of the Memorialist, in all to the loss of nearly a thousand rupees without either obtaining the consent of the owners before hand or giving them notice.

4. That this Jodi-Devarayasamudra village having been in existence for centuries, and more than three hundred independent families of orthodox brahmins and industrious and agricultural people having owned it, the houses and house sites have gone to the highest prices possible, viz., house-site from Rs. 2 to 3. per square yard, and houses, Rs. 60 to 80, per Ankanum.

5. That the village as an Agraharam, owned by brothers and relatives and actually divided and sub-divided from time immemorial among members of the family a number of times, is symmetrically divided into streets, streets into sites, and sites into houses, sufficient provision being made for enough of roads, and open yards. The houses are all built like barracks in tiles with smallest breadth ranging from 7 to 12 feet with open yards and streets well paved with stones, the whole village containing no dirty yards or cess pool.

6. That on a kind and patient consideration of the above facts with personal inspection of the locality, it will be found, that the two roads referred to above are absolutely unnecessary and only made for the comforts of the said Patel around his house, with the co-operation and support of the Amildar.

7. That the Memorialist and other men that lost their houses, submitted the above facts before long to Your Excellency and to the Deputy Commissioner, through petitions and humbly prepared themselves to represent the above grievances to the

Deputy Commissioner when in person lately in this village, as he is well known every where in the District to be a most noble officer, possessed with a most liberal heart and charitable views, always sympathising with the poor class of people.

8. That the Memorialist is sorry that such a good officer was not accessible, not only to himself but also to other about 200 villagers that had most loyally waited upon his arrival, and prepared to receive him with "Phala mantrakshitha" which he was not pleased to accept.

9. That the Memorialist is further sorry that the said officer never prepared to allow any one to represent anything or never pleased to ask any one of the villagers regarding anything in question, but simply led us to humbly believe that he was prejudiced and even personally aggrieved or annoyed, probably owing to the misrepresentation of facts.

10. That the Memorialist and other villagers having been quite despaired of getting any access and patient or any kind of hearing from the Deputy Commissioner and entirely discouraged and frightened at the pre-judgement and excitement of the Deputy Commissioner, lost entire chance of explaining anything to him and hope justice at his hands.

11. That the Memorialist is given to understand that the two roads referred to above have been confirmed by the Deputy Commissioner.

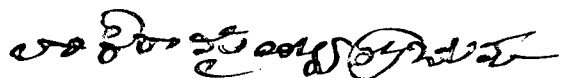

12. That the Memorialist is further led to believe that it has been reported to Your Excellency that only one road has been opened in the said village and that too with the consent of the house-owners in the vicinity.

13. That the Memorialist humbly asserts that two roads as submitted above have been opened and the consent of most of the owners was not obtained, and that if the Deputy Commissioner, had only given a patient hearing to the real facts, he would not have hesitated for a moment to come to conclusion that the above said action was nothing but high-handed and that the whole grievance was brought about by deception and fraud; played upon by the said Patel and his other friends.

14. That under these circumstances, the Memorialist with solemn prayer solicits the favour of Your Excellency for causing a patient and independent enquiry to be held into the facts, to meet out justice, after finding out the truth or otherwise of the Memorialist's solemn invocations.

I remain,

Your Excellency's most obedient and Loyal Servant,

Vrittidar of Devarayasamudra.

on the several allegations
contained therein as well as
in the Dyfurn's letter.

The Dyfurn is also requested
to report whether the portion
marked A to B in red pencil in the plan
to the east of the Patel's house
is a public lane & if not, whether
it is a ditch or unbricked portion
! to whom it belongs.

As the Perampoke land
belonging to the Jodidars
is proposed to be taken up
for the extension of the Jodi
Village, the necessity of applying the
provisions of the land acquisition
regulation is not apparent. The
Dyfurn is therefore requested to cite
the authority under which this
proposal is made, and to report
whether the acquisition & allotment
according to actual requirements,
can be made without recourse

2. ನಮ್ಮ ಗ್ರಾಮದಲ್ಲಿ ಪೆಲ್ಲೆಗು ಪ್ರಾಪ್ತವಾಗಿ ಜನಗಳು ದಿಕ್ಕಾಪಾಲು ಹೊರಟುಹೋಗಿ ವಾಸಮಾಡಿಕೊಂಡು

ಪಟೇಲ್ ವೆಂಕಟ್ರಾಮಯ್ಯನು ಪಟೇಲಿಕೆಲಸ ನೋಡುತ್ತಿದ್ದ. ಆತನು ತನ್ನ ಸ್ವಂತ ಅನುಕೂಲಕ್ಕೋಸ್ಕರ ಆತನ
ಮನೆಯೊಳಗಿಂದ ಇದ್ದ ಮನೆಗಳನ್ನು ಅಮಲ್ದಾರ್ರವರ ಸಹಾಯದಿಂದ ಹೊಡೆಸಿ ಪೂರೈದಿಂದ ಪಕ್ಷಿಮಕ್ಕಿ, ವಂದು
ರಸ್ತೆಯೂ, ವುತರದಿಂದ ದಕ್ಷಿಣಕ್ಕೆ, ವಂದು ರಸ್ತೆಯೂ, ಈಮೇರೆ ಎರಡು ರಸ್ತೆಗಳನ್ನು ಮಾಡಿಸಿಕೊಂಡಿದ್ದಾನೆ.
ಇದಕ್ಕಾಗಿ ಈ ಪಟೇಲ್ ವೆಂಕಟ್ರಾಮಯ್ಯನಿಗೆ ಸ್ನೇಹಿತರಾಗಿದ್ದ ಬಬ್ಬಿಬ್ಬರ ಅನುಮತಿ ಪಡೆದಂತೆ ಮಾಡಿಕೊಂಡು
ಬಾಕಿ ಮಾಲೀಕರ ಪೈಕಿ ಯಾರೊಬ್ಬರ ಅನುಮತಿಯು ಪಡೆಯದೇನೇ ಈ ಯೆರಡು ರೋಡುಗಳನ್ನು ಮಾಡಿಸಿ
ರುತ್ತಾನೆ. ಇಂಥಾದ್ದರಲ್ಲಿ ಗ್ರಾಮವು ಬಹಳ ಇಕ್ಕಟ್ಟಾಗಿಯೂ ಕಠ್ಠಲವಾಗಿಯೂ ಇದ್ದದ್ದರಿಂದ ಹವಾ ಸಂಚಾರಕ್ಕೂ
ಪಾಕೀಜಾವೆಗೂ ಅನುಕೂಲಿಸುವಂತೆ ಅಮಲ್ದಾರ್ರವರು 7 ಅಡಿ ಅಗಲದ ಒಂದು ಗಲ್ಲಿಮಾತ್ರ ಮಾಡಿಸಿದರೆಂತ ರಿ

ರೋಡುಗಳು ಮಾಡಲ್ಪಟ್ಟವೆಯೋ ಎಂಬುದು, ಮತ್ತು ಇವು ಗ್ರಾಮಪಾಕೀಜಾವೆಗೂ ಜನಗಳ ವ್ಯವಯೋಗ

ಮುಂತಾದ್ದು ಬರಲು ಬೇಕಾದಷ್ಟು ಅವಕಾಶ ಮೊದಲಿಂದಾ ಇದ್ದೇ ಇರುತ್ತೆ. ಒಂದಾವೇಳೆ ಇನ್ನೂ ಹೆಚ್ಚಾಗಿ
ಬೆಳಕು ಮತ್ತು ಗಾಳಸಹಾ ವುಂಟುಮಾಡಬೇಕೆಂತ ಸರಾಸರಿವರು ಆವೇಕ್ಷಿಸಿದ್ದ ಪಕ್ಷದಲ್ಲಿ ಮನೆಗಳಿಗೆ ಕಿಟಕಿ

Please your Excellency.

That your memorialist through the former
memorial represented the grievances and prayed for
redress just like many other villagers that suffer
similarly on account of the high handed and arbitrary
opening out the roads - demolishing the houses in the
Brahmin Agrahara of Devayasa amudra, Mulbagal Tal.

That the said memorial having been
referred to the Dy. Commissioner, the said officer was
kind enough to inspect the localities and note particularly
the various ways in which the public at large
subjected to heavy losses and injustice at the hand
of the Patel Venkatrao and his brother Patel Subbaya
cunningly managing to get the support of the Dalit
awildor.

That though it is two months since the inspection
of the locality took place the memorialist is not given
remedy as yet.

That the memorialist is deprived of part
of his only house and the consequent miseries
as enhanced by the inclemency of this rainy season
are beyond description.

That the memorialist therefore most
humbly prays that his grievances be removed soon
by kindly setting his ^{house} rebuilt by the oppressors and that
the offenders punished duly for their mischievous &
high-handed acts

For which all of kindness, thank you and ever
pray God to give your Excellency long & prosperous
life.

May it please Your Excellency,

That your loyal and humble memorialists with almost all the ~~proprietors~~ ^{holders} of Devaraya Samudram village, Mulbagal Taluk - Kolar District more than once submitted their humble and loyal memorials to your Excellency and prayed for mercy, protection and justice against the arbitrary and high-handed demolition of houses and opening out roads in their village.

That the memorialists are at a loss to know that their most reasonable prayers somehow are not as yet granted and the affairs left to great delay and further losses.

That the memorialists therefore most obediently and loyally submit herewith the printed copies of the above mentioned memorials and solicit again the favour of an independent and impartial enquiry into the matter and restoration of justice thereto withheld.

Yours faithfully,

Dewan of Mysore,

BANGALORE.

copy of the letter
on which the Deputy
Commissioner's report no.

is received.

MAY IT PLEASE YOUR EXCELLENCY,

That Your most loyal Memorialist is the unfortunate and helpless resident in Jodi-Devarayasamudra village, Mulbagal Taluk, Kolar District.

2. THAT this Memorialist is besides a poor brahmin living in the said village of Devarayasamudra "Like a bird in its nest with his only wife who always lives there and himself working abroad occasionally visiting the place and maintaining his family.

3. That owing to the unfortunate prevalence of plague some time ago in this village, when the Memorialist was away from the place, the officiating Patel Venkataramaiya to secure the highest and most dainty comforts to his house in the village employed most objectionable means and caused two roads opened around his house, one running from North to South, and another from East to West, and thus damaging about ten houses and house sites, including the house of the Memorialist, in all to the loss of nearly a thousand rupees without either obtaining the consent of the owners before-hand or giving them notice.

4. That this Jodi-Devarayasamudra village having been in existence for centuries, and more than three hundred independent families of orthodox brahmins and industrious and agricultural people having owned it, the houses and house sites have gone to the highest prices possible, viz., house-site from Rs. 2 to 3. per square yard, and houses, Rs. 60 to 80, per Ankanam.

5. That the village as an Agraharam, owned by brothers and relatives and annually divided and sub-divided from time immemorial among members of the family a number of times, is symmetrically divided into streets, streets into sites, and sites into houses, sufficient provision being made for enough of roads, and open yards. The houses are all built like barracks in tiles with smallest breadth ranging from 7 to 12 feet with open yards and streets well paved with stones, the whole village containing no dirty yards or cess pools

6. That on a kind and patient consideration of the above facts with personal inspection of the locality, it will be found, that the two roads referred to above are absolutely unnecessary and only made for the comforts of the said Patel around his house, with the co-operation and support of the Amildar.

7. That the Memorialist and other men that lost their houses, submitted the above facts before long to Your Excellency, and to the Deputy Commissioner, through petitions and humbly prepared themselves to represent the above grievances to the

Deputy Commissioner when in person lately in this village, as he is well known every where in the District to be a most noble officer, possessed with a most liberal heart and charitable views, always sympathising with the poor class of people.

8. That the Memorialist is sorry that such a good officer was not accessible, not only to himself but also to other about 200 villagers that had most loyally waited upon his arrival, and prepared to receive him with "Phala mantrakshitha" which he was not pleased to accept.

9. That the Memorialist is further sorry that the said officer never prepared to allow any one to represent anything or never pleased to ask any one of the villagers regarding anything in question, but simply led us to humbly believe that he was prejudiced and even personally aggrieved or annoyed, probably owing to the misrepresentation of facts.

10. That the Memorialist and other villagers having been quite despaired of getting any access and patient or any kind of hearing from the Deputy Commissioner and entirely discouraged and frightened at the pre-judgement and excitement of the Deputy Commissioner, lost entire chance of explaining anything to him and hope justice at his hands.

11. That the Memorialist is given to understand that the two roads referred to above have been confirmed by the Deputy Commissioner.

12. That the Memorialist is further led to believe that it has been reported to Your Excellency that only one road has been opened in the said village and that too with the consent of the house-owners in the vicinity.

13. That the Memorialist humbly asserts that two roads as submitted above have been opened and the consent of most of the owners was not obtained, and that if the Deputy Commissioner, had only given a patient hearing to the real facts, he would not have hesitated for a moment to come to conclusion that the above said action was nothing but high-handed and that the whole grievance was brought about by deception and fraud; played upon by the said Patel and his other friends.

14. That under these circumstances, the Memorialist with solemn prayer solicits the favour of Your Excellency for causing a patient and independent enquiry to be held into the facts, to meet out justice, after finding out the truth or otherwise of the Memorialist's solemn invocations.

~~I remain,~~

Your Excellency's most obedient and Loyal Servant,

Correspondence ending with letter No. 1627/168, dated 15th September 1904, from the Deputy Commissioner, Kolar District, reporting on the petition of Lakki Ramia and others of Jodi Devarayasamudra Village in the Mulbagal Taluk, complaining that the Amildar has caused two lanes to be opened in the village, by demolishing their houses, for the benefit of the Patel &c.

4384-5 25-11-04 Order thereon No 4384-5 dated,
d. 7. 25 - 03. 04. Bangalore, 25 November 1904.

In November 1903, Papavadhani and others of the Devarayasamudra Jodi Village, petitioned to Government that the Amildar demolished some of their houses in their absence, at the Patel's instigation and for the convenience of the Patel and one or two others, thereby causing loss to them. On a report having been called for, the then Deputy Commissioner Mr. Carr, reported that one conservancy lane had been opened in the village with his concurrence, for the better sanitation and ventilation of the place, and that the

Prahmin Jodidars were very troublesome and opposed to sanitary measures being carried out. As no unusual measures seemed to have been adopted, the complaint was rejected at the time as frivolous and unfounded.

2. Subsequently, a few months after, Lakki Ramia and others of the same village, petitioned to Government on the same subject representing that two lanes had actually been opened by demolishing their houses, for the comfort and convenience of the Patel, and pressing for an enquiry.

3. A detailed report was then called for from the Deputy Commissioner, with the explanation of the Amildar, on the various allegations contained in the petition.

4. The present Deputy Commissioner, Mr. K.P. Puttanna Chetty, has, after inspecting the village and the disputed localities and interviewing the Jodidars, submitted an exhaustive report, with the Amildar's explanation.

5. The report shows that the Deva-
rajasarudra Jodi village which consists of
300 houses and a population of about 1,276,
suffered severely from plague early in
1903, and had therefore to be evacuated
temporarily, for a time. Among the remedial
measures adopted for the suppression of
plague and the better sanitation of the vil-
lage, which was in a dirty and insanitary
condition, two conservancy lanes, one run-
ning North to South and the other East to
West, were opened ~~and~~ under the Plague

Rules, with the previous sanction of the Deputy Commissioner

6. To open out these lanes, it was deemed necessary to take up some house properties of the villagers. including those of the petitioner Lakki Ramaia and another Narayansami Iyer, both of whom complain that their houses were demolished without their consent. It is seen that in the case of Lakki Ramaia the consent of his brother was obtained, while in the case of Narayansami Iyer, the consent of one Chikkanna a tenant was taken. Both ~~of~~ these individuals now repudiate having given their consent, or executed Muchlikas. The so-called Muchlikas have not been obtained by the Amildar, or any responsible Revenue Officer, but by one Krishnaswami-Naidu, an inexperienced and irresponsible plague Supervisor. Besides, the Muchlikas bear the attestation of the Patel himself.

7. In an important matter involving the acquisition of house property in a Jodi village, the Amildar should have himself taken the initiative and by his local knowledge and influence conducted the needful enquiries and proceeded to settle the matter *himself*.

8. ~~Again~~, the procedure adopted in the case, was ~~not~~ ^{most also} irregular. The houses in question being required for

a public purpose, viz., the sanitary improvement of the village, the proper course to be followed was to have proceeded under the Land Acquisition Regulation, and not under the Plague Rules, which cannot apply to a case of the kind.

9. The personal inspection and enquiry held by the Deputy Commissioner Mr. M.P. Puttanna Chetty, has clearly established that the two lanes in question have not removed any congestion in the village, but that they have improved the surroundings of the Patel's dwelling house and enabled him to open out large windows which he was not able to do before, ~~owing to the operation of the Easements Act.~~ The Deputy Commissioner is of the opinion that these lanes were not the most important ones, that they were not urgently required and might have been left alone. ~~On the other hand,~~ *unlike of numerous* Valuable private land *land also appear to have* which was the subject of civil dispute, ~~has been summarily taken~~

10. The Amildar's explanation is ^{simply} that no houses were demolished without the owners consent, that the Plague Supervisor was a sufficiently responsible official, that the lanes were formed under the Plague Rules and that they were not made for the Patel's benefit.

11. Government are constrained to observe that though the improvements in question might have been effected with the best of intentions and in the interests

of the village, still, the Amildar's failure in not acting in strict conformity with the Rules, and his omission to secure the co-operation of the villagers by devoting his personal attention to it without delegating it to the Plague Supervisor, have resulted in public indignation and suspicion being roused ~~and~~ that the Amildar had played into the hands of the Patel.

12. In such circumstances, the Amildar's explanation ~~on the whole is most unsatisfactory. Government there-~~
~~fore~~ view with much displeasure, the hasty and indiscreet conduct of the Amildar Mr. T. Venkatramya in this respect and direct that a warning be administered to him. It is hoped that ~~the Deputy Commissioner~~ will, as promised in his report, personally satisfy himself that the petitioners and others whose properties have already been acquired, will be adequately compensated for the loss they have sustained and that this will be amicably settled.

13. The next question requiring attention is the remedial measures necessary to remove the congestion in the village. It is admitted on all hands that the village is highly congested and in an insanitary condition. There is much overcrowding of houses. The Deputy Commissioner, District Medical Officer and the Hospital Assistant

have all found it so at their inspection. The Deputy Commissioner proposes to acquire some 4 acres of Perani land in the village, under the Land Acquisition Regulation, divide them into suitable and convenient building sites and allot them to the villagers, many of whom are willing to build if sites are allotted to them. This land is reported to belong to the whole Jodi village being the Sthal Inamti granted for Barber and Washerran service and the Jodidars are also agreeable to appropriate it for building purposes and to give separate land for the services referred to. The Deputy Commissioner who has personally inspected this land, states that it is eminently suited for building purposes. These proposals of the Deputy Commissioner are approved. The declaration statement will be forwarded to the Compiler Mysore Gazette for publication, and the Deputy Commissioner authorized to take order for their acquisition under Sections 3(b) and 7 of the Land Acquisition Regulation.

13. As regards the opening up of congested portions, the Deputy Commissioner proposes to attend to them according to requirements, after the houses are moving up in the new site. This is a matter which can best be left to the discretion of the Deputy Commissioner; and the Government trust that he will do all that is necessary and practicable to remove the congestion

and afford to the villagers all possible conveniences as in his opinion may be called for.

14. A full report of the action taken in the matter should be submitted to Government for information.
